

SERIES I.  
 Register Books of Wills,  
 1495—1536.

REGISTER BOOK, 1515—1526.

THIS, the earliest Register Book of Wills is a large quarto paper volume, consisting of several books bound together, and containing about 510 folios or 1020 pages in an excellent state of preservation. It is stated to contain copies of Wills proved between 1515 and 1526 inclusive, but as will be seen it also contains a number of Wills of both earlier and later dates, without the dates of proof. The earliest Will is dated 1495, and the latest is dated 1533. The Wills which number about 920, many of which are in Latin, are very irregularly entered as far as dates are concerned; for instance, some of the Wills proved in 1522 are placed before those of the preceding year, whilst part of 1524 and 1526 are entered before those for 1523. In this order they appear to have been ever since the volume was originally made up and bound in the 16th century. There is an old index at the commencement of the Book curiously arranged according to christian names without dates. It is by no means a complete or good index, having numerous omissions and several disadvantages. Some of the Wills in this Book are also entered in Register Book 1526-1533. A new alphabetical index has been specially prepared by the compiler for printing, and here follows. In this new Index, whilst the original spelling of the testators' surnames has been carefully preserved, it has been thought best to give the modern spelling of their christian names, as also of the place names.

NOTE.—The date of Will is given in brackets, where the date of proof cannot be obtained.

## REGISTER BOOK, 1526—1533.

The second Register Book of Wills 1526-1533, is an unbound paper volume much less than the earlier one already noticed, and not in such a good state of preservation. It contains about 225 pages, some of the earliest of which are damaged and are now imperfect, and it contains copies of about 220 Wills, but no index. A few of the Wills copied in this volume were proved in 1518; one is dated as early as 1500, and several others will be found dated subsequent to 1533. The alphabetical index which follows has been specially prepared for this publication.

NOTE.—The dates attached to the names of testators are the dates of Wills, except where they are marked with an asterisk, which denotes the date of proof.
