Core textbooks on archaeological-GIS

Edited volumes dealing with GIS and archaeology

General discussions of spatial analysis and archaeology

Introductory and general discussions on GIS

GIS and archaeological theory

GIS methodology

Spatial analysis

**Landscape archaeology (methodology)**

Phillips, C. 2004. GIS and landscape analysis, or the cart before the horse? Internet Archaeology 16.

**Landscape Archaeology (case-studies)**

**Cultural resource management**

**GIS and museums**

**Internet publication**

Cost-surfaces, pathways and territories

Environmental modelling

**Image processing / remote sensing and GIS**

**Intra-site analysis and excavation**

**Predictive (and site locational) modelling**

**Time and temporality**

**Visibility and viewsheds**

Virtual Reality / 3D reconstruction and GIS

Web-based Glossary

The Association for Geographic Information maintain an excellent set of resources including the useful glossary (the GIS dictionary). This can be found at: http://www.agi.org.uk/
